

2021 EEA Commercial Energy Efficiency Products Program

Empire Electric Association, Inc. & Tri-State Generation and Transmission Association, Inc. will pay incentives to EEA members who install qualifying energy efficient equipment.

Credit must be requested within 120 days of purchase. Starting January 1, 2022, the deadline to submit an application is changing to 90 days.

Call Energy Management Advisor for additional information (970) 565-4444 or (800) 709-3726

Retrofits, New Construction, and Exterior Lighting

Contact our Energy Management Advisor to find out about incentives paid for other kinds of lamps and fixtures.

Incentives are paid based on the type of lamp or fixture installed. For example:

- LED 3ft or 4ft Linear Replacement Lamp \$1.50/Lamp Incentive
- LED Exit Sign \$7/Sign Incentive
- LED Low Bay (8k to 10k lumens) \$45 per or Fixture Incentive
- Incentives are capped at 50% of invoiced fixture or lamp material cost. Each project is capped at \$20,000.

Pole Mounted Lighting

Contact our Energy Management Advisor for details.

- Incentives are paid based on the minimum fixture lumens
- Incentives are capped at 25% of invoiced cost for each head or retrofit kit. Each project is capped at \$20,000.

Refrigerated/Freezer Case LED Lighting

Contact our Energy Management Advisor for details.

- \$60 per door for reach-in cases.
- \$10 per linear foot for top lighting of multi-deck open cases
- Incentives are capped at the lesser of 50% of the fixture material cost or \$3,000 (50 doors or equivalent) per member-owner account location.

Electric Water Heaters*

Complete application form, attach receipt and photo of yellow energy guide label.

- \$60 basic unit - 30 - 55 gallon resistance water heaters
- \$100 lifetime tank warranty 30 - 55 gallons e.g. Rheem Marathons®
- \$350 heat pump water heater 30 gallon minimum (air to water and may have a back-up resistance element). *Must be Energy Star*

Energy Star® Rated Split System Air-Conditioners*

- \$200 per unit for split system Energy Star® rated air-conditioners above 16 SEER. *Permanent Installation (Minimum size - 1 ton)*

Electric Vehicle Charging Equipment* Residential and Commercial.

Complete application form, schedule a site visit and complete the post approval check list. More information on our web-site <https://eea.coop>

- Level 2 w/No Network Capability: Charger - up to \$500
- Level 2 w/No Network Capability: Installation - up to \$500
- Level 2 w/Network Capability: Charger - up to \$1000
- Level 2 w/Network Capability: Installation - up to \$1000
- Level 3 w/Network Capability: Charger - up to \$3000 *Must be Large Power Rate*
- Level 3 w/Network Capability: Installation - up to \$4000 *Must be Large Power Rate*

Electric Heat Pump – Air Source* (Minimum size - 1 ton capacity)

** EEA's Rules and Regulations require you to advise EEA when making any material changes or increases in your connected load. Call EEA Engineering at (970) 564-4406 to schedule an assessment before you purchase your new equipment. Rebates may be denied if you refuse to install required service upgrades.*

- \$170 per unit for terminal units (PTACs similar to the typical under-window hotel room units).
- \$300 per ton for central air source "split" or "mini-split" (ductless) units with SEER of 15 to 17. *Not to exceed 50% of equipment cost.*
- \$600 per ton for central air source "split" or "mini-split" (ductless) with SEER greater than 17. *Not to exceed 50% of equipment cost.*
- \$200 per unit additional incentive for central air source with integrated Electric Thermal Storage backup.
