

# 2022 EEA Commercial Energy Efficiency Products Program

Empire Electric Association, Inc. & Tri-State Generation and Transmission Association, Inc. will pay incentives to EEA members who install qualifying energy efficient equipment.

*Credit must be requested within 90 days of purchase.*

Call Energy Management Advisor for additional information (970) 565-4444 or (800) 709-3726

## Electric Vehicle Charging

**Equipment\*** *Residential and Commercial.*  
Complete application form, schedule a site visit and complete the post approval check list.  
More information on our web-site  
<https://eea.coop>

- **Level 2 No Resale or Fee Collection:** 50% of total equipment and electric service installation costs up to \$500 or up to \$1000 for EEA Time of Use Rate Member. Limit - 2 Chargers per membership. Qualifying Installations - Commercial (Private Fleet)
- **Level 2 (with network & fee for charge capability):** 50% of total equipment and installation cost up to \$1000. Must be accessible to the general public.
- **Direct Current Fast Charger:** • 50% of EV charging equipment and installation costs up to \$3,000 for 50 - 75 kW maximum station output. 50% of EV charging equipment and installation costs up to \$5,000 for 76 - 149 kW maximum station output. 50% of EV charging equipment and electric service installation costs up to \$7,500 for 150 & above kW peak output - Publicly accessible installations only.

## Retrofits, New Construction, and Exterior Lighting

Contact our Energy Management Advisor to find out about incentives paid for other kinds of lamps and fixtures.

Incentives are paid based on the type of lamp or fixture installed. There are multiple LED lighting categories:

- LED Lamps Only • LED Fixtures • Grow Lights • Exit Signs and Occupancy Sensors • Refrigerated Case Lighting • Pole Mounted Lighting
- Incentives are capped at 50% of invoiced fixture or lamp material cost. Each project is capped at \$20,000.

## Air Source Quality Heat Pump Install Program

### Electric Heat Pump – Air Source\* (Minimum size - 1 ton capacity)

*\* EEA's Rules and Regulations require you to advise EEA when making any material changes or increases in your connected load. Call EEA Engineering at (970) 564-4406 to schedule an assessment before you purchase your new equipment. Rebates may be denied if you refuse to install required service upgrades.*

- \$250 per unit paid directly to installers who are trained and approved by Tri-State.

- Tier 1 ( Standard ASHP with HSPF  $\geq$  9.0 and SEER  $\geq$  15) is paid \$675 per unit for  $\leq$  2 ton capacity and \$1,800 per unit  $>$  2 ton capacity. Not to exceed 50% of equipment cost.
- Tier 2 ( Cold Climate Certified ASHP with HSPF  $\geq$  10.0 and SEER  $\geq$  16) is paid \$1,000 per unit for  $\leq$  2 ton capacity and \$2,400 per unit  $>$  2 ton capacity. Not to exceed 50% of equipment cost.
- \$200 per unit additional incentive for central air source with integrated Electric Thermal Storage backup.

## Commercial & Industrial Motors

Motors must be a minimum of 10 horsepower and a maximum of 1,500 horsepower.

- \$8 per Horsepower (hp) for motors 10 through 1,500 hp.
- Wiring assistance for electric irrigation motors that replace a fossil-fuel engine or new installation -\$1.50/hp
- Member must certify that the motor is new and neither re-wound or moved from another location. Each project is capped at \$20,000.

## Variable Speed Drive Retrofit

Contact our Energy Management Advisor to find out about incentives paid

- 50% of the cost of the VSD unit or, Project cap of \$20,000
- New and retrofit application.
