

2023 EEA Commercial Energy Efficiency Products Program

Empire Electric Association, Inc. & Tri-State Generation and Transmission Association, Inc. will pay incentives to EEA members who install qualifying energy efficient equipment.

Credit must be requested within 90 days of purchase.

Call Energy Management Advisor for additional information (970) 565-4444 or (800) 709-3726

Electric Vehicle Charging

Equipment* *Residential and Commercial. Complete application form, schedule a site visit and complete the post approval check list. More information on our web-site eea.coop*

- **Level 2 No Resale or Fee Collection:** 50% of total equipment and electric service installation costs up to \$1000 or up to \$1500 for EEA Time of Use Rate Member. Limit - 2 Chargers per membership. Qualifying Installations - Commercial (Private Fleet)
- **Level 2 (with network & fee for charge capability):** 50% of total equipment and installation cost up to \$2000. Must be accessible to the general public.
- **Direct Current Fast Charger:** • 50% of EV charging equipment and installation costs up to \$4,500 for 50 - 75 kW maximum station output. 50% of EV charging equipment and installation costs up to \$6,500 for 76 - 149 kW maximum station output. 50% of EV charging equipment and electric service installation costs up to \$9,000 for 150 & above kW peak output - Must be on Large Power Rate and are for publicly accessible installations only.

Retrofits, New Construction, and Exterior Lighting

Contact our Energy Management Advisor to find out about incentives paid for other kinds of lamps and fixtures. \$250 minimum rebate amount required for processing Commercial LED's

Incentives are paid based on the type of lamp or fixture installed. There are multiple LED lighting categories:

- LED Lamps Only • LED Fixtures • Grow Lights • Exit Signs and Occupancy Sensors • Refrigerated Case Lighting • Pole Mounted Lighting
- Incentives are capped at 50% of invoiced fixture or lamp material cost. Each project is capped at \$20,000.

Air Source Quality Heat Pump Install Program

- \$250 per unit paid directly to installers who are trained and approved by Tri-State.

Electric Heat Pump – Air Source*

(Minimum size - 1 ton capacity)

** EEA's Rules and Regulations require you to advise EEA when making any material changes or increases in your connected load. Call EEA Engineering at (970) 564-4406 to schedule an assessment before you purchase your new equipment. Rebates may be denied if you refuse to install required service upgrades.*

- **Tier 1** (Standard ASHP with HSPF \geq 9.0 and SEER \geq 15 or, HSPF2 \geq 7.6 and SEER2 \geq 14.3) is paid \$675 per system for \leq 2 ton capacity and \$1,800 per system $>$ 2 ton capacity. Not to exceed 50% of equipment cost.
- **Tier 2** (Cold Climate Certified ASHP with HSPF \geq 10.0 and SEER \geq 16 or, HSPF2 \geq 8.5 and SEER2 \geq 15.2; variable speed compressor or a minimum of 3 stages (settings for fan speed) is paid \$1,000 per system for \leq 2 ton capacity and \$2,400 per system $>$ 2 ton capacity. Not to exceed 50% of equipment cost.
