**Essay**

My career goals are quite simple, I want to enjoy my career while also continuing to expand my knowledge and horizons. My dream career is to work as a museum curator as I'll be able to spend my time surrounded by topics and fields that I love. I will be able to work with art, history, science, and more depending on where I end up.

As simple of a hope as that is, it's not easy to achieve. I want and need to pursue higher education for this to come into fruition. Making it through college is to me the easy part, the hard part is paying for it. Currently college is far from cheap and I am far from rich. Applying for this scholarship will allow me to get a leg up on paying for college through means outside of taking on debt via loans.

To Whom It May Concern :

With great honor and privilege, I write to support Adeline Dettloff. I have known Adeline for the past seven years here in the Dolores School District, which is the better part of thirteen years. Ms. Dettloff has been an accomplished student and a valued member of the student council here at school. Adeline is an accomplished student, one of only a handful who will exit this school this year with her Associate's degree. In my time with Adeline, she has always been a stand-up member of our community in Dolores and is a joy to be around. She helps with food drives, toy drives, and all school functions. She is adored by her peers and teachers. Adeline strives to improve her community by being a humble young woman and an excellent role model here at school by being a member of the student council, NHS, and the drama program.

Adeline is a hard-working, talented, and dedicated academic with a strong work ethic. She has consistently challenged herself by opting for the most rigorous classes while others choose the easier way. Her dedication to achieving her best, setting high goals, and working tirelessly has earned her the admiration and accolades of her teachers. Adeline's leadership qualities are evident in her role as the Vice President of the Student Council.

Adeline has always been someone who will pitch in to help people in any group, demonstrating character. She tries to hide her compassion for people, but her character and desire to help people always get the better of her. Her peers admire her, and she is seen as a close personal friend. She is a role model by excelling at all her academic and extracurricular activities.

Without any reservation, I wholeheartedly recommend Adeline for any school or scholarship she chooses to pursue. Her academic achievements, leadership qualities, and community involvement make her an exceptional candidate.

Sincerely,
