I am currently at a junior college working towards my associates of science so I can go into the engineering field, I am planned to graduate with that spring of 2026. I am then planning on working at an internship over the summer at an engineering firm to get some experience in the field and see what I like to focus on the most or go more towards. I have applied and am hopping to go to Texas Tech and or West Texas, I am very interested in engineering, and building projects. So I would like to see where I can end up either civil, mechanical or event petroleum Engineering. I live with my grandpa sister and my mother in the same house; my mom is the only full-time income in the house. she is a single mother and with two kids in college we try to apply to as many scholarships as possible to make it easier on her. I have paid for my own schooling which has been difficult but like I said that is why I depend on the number of scholarships I apply for and receive. Every dollar I get towards school is used for books, housing, food, and courses. As a country kid that was working from an early age I can tell you I try very hard in school because the people that give me scholarships believe in me, and I will not let these opportunities go to waste because my community and family believe in me too and I will not let them down. I do need all the scholarships I can get. My family has lived in Cortez and been locals since my great grandad settled here and my grandpa went to the Lebanon School house north of town. Thank you so much to the scholarship committee for this opportunity.

List school and community honors and activities.

I was on both wrestling and golf teams in highschool all four years of high school, I am now currently on both golf and wrestling team for the college I am attending. Also, in highschool I was involved in FFA and was an officer for two of the four years, I was a sentinel and a treasurer my two years in office. I received my chapter state, and just this year received my American degree. This past semester I was on the Deans list for the college I attend, and as a whole wrestling team we achieved an award that we are 4th in the nation for JUCO schools in academics in the country. Through FFA I completed roughly over 70 hours of community service. I gave my time to handing out food, gift baskets, toys and more to veterans, families in need, making dog toys for animal shelters, and serving teachers breakfast. All of this was to graduate and also for FFA, we have to have so many hours for different degrees and to graduate as well. Families, veterans, and others in need got support from my school and I and I spent time with these people.

To Whom It May Concern,

It is my pleasure to write this letter of recommendation for Airoughn Morris whom I had the opportunity to teach over the course of two semesters in college composition. In that time, Airoughn distinguished himself not only as a thoughtful and driven writer but also as a disciplined and compassionate student who contributes meaningfully to our academic community.

From the first weeks of class, Airoughn demonstrated a commendable work ethic, approaching assignments with focus, responsibility, and a willingness to revise and improve. Whether writing analytical essays or reflective narratives, he consistently met deadlines and showed a genuine commitment to developing his craft. His writing reveals a maturity of thought and an ability to engage critically with texts while communicating ideas with clarity and purpose.

What makes Airoughn stand out even more is his ability to balance academic responsibilities with impressive extracurricular involvement. He plays two sports at the collegiate level—an accomplishment that requires remarkable time management and perseverance. Despite his demanding schedule, he remains consistently engaged in class and often takes the initiative to help his classmates, offering thoughtful feedback in peer reviews and participating constructively in discussions.

In short, Airoughn Morris is an exceptional young man whose drive, integrity, and collaborative spirit make him an asset in any setting. I have no doubt he will continue to thrive in his future academic and personal endeavors.

Please feel free to contact me if you would like any further information.

Sincerely,

Maria M. Roberts

NJC Adjunct Professor of English

To Whom This May Concern,

We are Scott and Jean Tipton. We are proud to offer our recommendation of Airoughn Robert Wayne Morris, whom we have known personally for most of his 18 years, as his neighbor, and Jean as his riding instructor during his 4-H Horse Projects.

Airoughn has conquered many health issues, yet continues to excel academically, as well as in his chosen sports, and business. He maintains a respectable GPA, all the while keeping up with his Lawn/Home Maintenance Service Business as well as Farm/House/Animal/Livestock sitting.

During our relationship with Airoughn, we have witnessed a model student who prioritizes and excels at scholastic and extracurricular activities alike. Airoughn works hard to achieve his goals all the while fulfilling responsibilities as a student, family member, community member, and overall individual. In every interaction we have experienced, Airoughn has presented himself with a polite demeanor and a level headedness in judgment rarely seen in others of similar age. Above all else, Airoughn is a devout student who has a bright future ahead. We are confident Airoughn will be a great fit at this college, and we give our highest recommendation.

Airoughn has taken care of our Farm, Pets and Livestock many times over the years. He is always willing and able to help us out for any length of time, sometimes even last minute.

Airoughn has been in FFA for four years and is currently the Treasurer of his FFA Chapter. He has earned his Green Hand, Chapter, and State Degrees, and is working on his American Degree. Through FFA, Airoughn has many hours of Community Service, helping with Pinion Project, and our Local Veterans.

Airoughn has been involved in Wrestling for 11 years, and has been on his High School Varsity Team his Sophomore through Senior years.

He has also been on his High School Golf team all four years, making the Varsity Team Sophomore through Senior years as well.

Airoughn's own Business takes him to Cortez, Dolores, and Mancos for work. He maintains his own records for scheduling and bookkeeping purposes.

Airoughn maintains a 3.0-3.75 all four years and is currently ranked 25th out of 140 in his Senior class.

If you have any requests or questions about Airoughn please do not hesitate to contact us.

Respectfully,

Congressman Scott and Jean Tipton

Dear scholarship committee,

It is my pleasure to recommend Airoughn Morris for the Empire Scholarship.

My name is Tel Hamilton, I am a local real estate professional and fifth generation agriculturalist from Dolores. I have known Airoughn Morris for the better part of 10 years. He has been a joy to be around and be his mentor. I am writing to you regarding his scholarship application.

When I first met Airoughn, I was a senior leader in the Montezuma County 4-H Archery program. Airoughn would work hard every practice and continued to get better in his archery skills while maintaining a light hearted and charismatic demeanor. In his high school years I was able to be apart of the chapter officer interview committee for his FFA program and I was happy to recommend him for his office. I am a former Colorado FFA State Officer, as well as the current Committee President for the Dolores FFA Advisory Committee so proper character and values in an officer is something I hold in very high regards. I do not take electing these officers lightly, and Airoughn reflects the type of individual I seek out to lead not only his chapter but all who work with him. This helps to show that he is dedicated and a natural leader in his community. Airoughn has received many leadership awards such as the State FFA Degree, a very prestigious and difficult to obtain accomplishment.

I understand devoting a financial commitment to an individual is not an easy decision but I know for certain you will have no regrets as a committee to support Airoughn in his future education.

If you have any further questions about Airoughn or his qualifications please feel free to contact me! Thank you for your consideration.

Dear whoever may be concerned,

I am honored to write a letter for Mr. Airoughn Morris . It has been a joy watching Airoughn grow in his knowledge in the agriculture field within my classroom. He is an incredible young man in his professional life, in FFA, and within the school.

Throughout my time knowing Airoughn, he is the most genuine individual I have in my classroom. Airoughn is a silent leader and he thrives under pressure. Airoughn is a very hardworking, motivated young man that is dedicated to anything he puts his mind to. Airoughn is a very reliable student that I can trust with any task and he will accomplish it within the time period. Throughout his time here at Montezuma Cortez High School, he has developed a solid and positive reputation within the high school and community.

If you have any further questions about Airoughn or his qualifications please feel free to contact me! Thank you for your consideration.

Re: Letter of Recommendation – Airoughn VanGrant

The purpose of this letter is to provide a recommendation for Airoughn VanGrant.

I have hired Airoughn to assist with farm chores on numerous occasions over several years. These chores included yard work, operating various types of equipment, feeding, and caring for livestock and other miscellaneous chores. Airoughn is very dependable, follows directions, works independently, and completes what he starts. Not only is he a self-starter, but is polite, courteous and shows respect for others when accomplishing a task.

Airoughn's work ethic is to be commended and he comes highly recommended!
