Essay

My career goal is to become a registered nurse who provides compassionate, patient-centered care while making a meaningful difference in the lives of others. Pursuing a nursing degree is

an essential step toward achieving this goal, and this scholarship would play a vital role in supporting my educational journey.

Throughout high school, I have worked diligently to prepare myself for the academic challenges of college, maintaining a 3.5 GPA while balancing coursework, sports, school activities and responsibilities. My academic journey has taught me discipline, perseverance, and the importance of compassion, qualities that are essential in the nursing profession. I have always been drawn to science and healthcare, and I am motivated by the idea that knowledge can be used to comfort, heal, and advocate for others during some of their most vulnerable moments. My interest in nursing has grown through my academic experiences and my awareness of the importance of accessible, compassionate healthcare. I am motivated by the opportunity to support individuals from diverse backgrounds and to contribute to a healthcare system that values dignity, respect, and ethical responsibility. As a nurse, I hope to work in a setting where I can continually learn, adapt, and grow while positively impacting patient lives.

Financially, attending college is a significant challenge. The cost of tuition, housing, and educational materials places a heavy burden on my family, and I am mindful of the sacrifices required to make my education possible. I come from a low income household. My mom is a single mother providing for three children, while working two jobs. Receiving an EEA scholarship would greatly reduce this financial stress and allow me to focus more fully on my studies and professional development. It would also enable me to participate in academic opportunities, campus involvement, and hands-on learning experiences that are vital to my growth as a future nurse.

Beyond completing my degree, I plan to give back to my community by providing compassionate care and serving as a positive role model for others interested in healthcare careers. I am committed to upholding the values of integrity, empathy, and lifelong learning that define the nursing profession. Receiving this scholarship would not only support my academic goals but also reinforce my dedication to serving others through nursing.

In conclusion, my aspiration to become a nurse is rooted in a genuine desire to help people and contribute meaningfully to society. This scholarship would provide crucial support as I work toward becoming a skilled and compassionate healthcare professional. I am grateful for your consideration and for the opportunity to pursue my goals through this scholarship.

To Whom It May Concern,

I am honored to write this letter of recommendation for Alex Williams in support of her application for college admission and scholarship consideration. I have had the pleasure of knowing Alex professionally during her summers of employment with Dolores County and personally through her athletic and academic career at Dove Creek High School. I have been consistently impressed by her determination, character, intelligence, and commitment to personal growth. Alex maintains a 3.5 GPA at Dove Creek High School while being engaged in a variety of extracurricular activities. While many students at DCHS skate by with a facile schedule, Alex chooses to push herself academically by taking concurrent college courses that align with her post-secondary plan of study.

Alex has expressed a clear and compassionate professional goal: to pursue a Bachelor of Science in Nursing. Her desire to help others is evident not only in her career aspirations but also in the resilience she has demonstrated in overcoming personal challenges, a resilience she will apply to the rigors of a BSN program. During her sophomore year, Alex suffered a serious knee dislocation in the first basketball game of the season—her debut as a starter. Despite the physical and emotional toll of being sidelined for nearly the entire season, she persevered through demanding physical therapy and returned to compete the same year with renewed strength and determination. The vast majority of kids in Alex's position would have just planned on returning the following season, Alex displayed remarkable grit and discipline to return and help her team.

Alex's maturity, empathy, and drive make her an ideal candidate for both a college academic setting and scholarship support. She is the kind of student who will not only succeed academically but also contribute meaningfully to her community and chosen field. I am confident that she will approach her studies with the same resilience and passion that she has shown in other areas of her life. Alex checks all the boxes as a safe bet for success, she possesses a high degree of intelligence, resiliency to overcome adversity, and drive.

Please feel free to contact me if you require any additional information. I wholeheartedly recommend Alex Williams and believe she will be a valuable asset to any institution fortunate enough to have her.

Eric Stiasny

Katti E. Gardner

Dove Creek High School
525 N. Main St
Dove Creek, CO 81324

December 9, 2025

To Whom It May Concern,

It is my pleasure to recommend a remarkable high school senior, Alex Williams, who has consistently displayed outstanding leadership and dedication during her time at Dove Creek High School. Alex is an active member of the Student Council and participates in various organizations, including STUD and Sources of Strength. Her commitment to excellence is evident through her involvement in sports such as volleyball, basketball, and cheerleading.

In addition to her extracurricular activities, Alex has volunteered at our local organization, ROCK, where she has assisted with food donations and clothing drives. This experience reflects her compassionate nature and willingness to help those in need. Academically, she has successfully completed 19 college credits, with an additional 9 credits next semester, demonstrating her exceptional proficiency, particularly in science. I have had the opportunity to teach Alex in 5 different science classes where she has excelled in every one of them.

Alex is not only motivated but also exemplifies kindness and a helpful spirit towards her peers and community. I believe that her achievements and character make her a strong candidate for your scholarship. I have no doubt that Alex will make a meaningful impact in the nursing profession.

Thank you for your consideration to support Alex's future endeavors. Please feel free to contact me for further information at kgardner@dc2j.org.

Sincerely,

Katti Gardner
