Track All Conference Junior year, School record holder for High Jump, Mancos Day Volunteer freshman through Junior year, Volunteer Trail Maintenance Group Senior year, Mancos High School Recycling Program freshman through senior, Student Council Member Freshman and Sophomore year, Student Council officer Junior year.

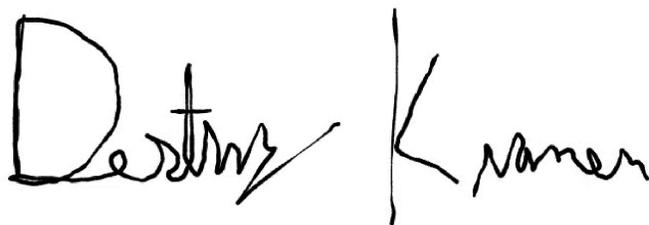

Essay

My career goals have been a challenge for me. I had for the longest time had no idea how I wanted to spend the rest of my life. I have known since childhood that I love to help people. Not just the whole simple kindness help, but I want to help people with bigger problems. Many people, when I say this, think I'm going to be a nurse or a medical doctor or even a therapist, but that is not the case; our schooling might be similar. But I will be helping people relieve stress and help stop aching pains without medication and surgery. I will be attending the University of Wyoming this fall to pursue a bachelors of Kinesiology. After I have successfully maintained my bachelors I will be attending Texas Chiropractic College, and completing a doctorate in Chiropractic. I will start to help people relieve stress and help fix their bodies, without the prescriptions and surgeries. I am applying for this scholarship to help me fulfill my goals. This scholarship will help me better my education by covering some of my tuition. I currently have my own job and pay my own bills, because my family has a lot of stress with money constantly, this scholarship will help relieve some stress off my shoulders and will help me perform to the best of my ability in college, to pursue my dream.

To Whom it May Concern:

I am pleased to write this letter of recommendation for Destiny Kramer. I have had the pleasure of working with her for over a year now at Cox Conoco, where she has been an amazing clerk. During this time, Destiny has shown exceptional skills in teamwork, communication, and adaptability. She has approached every task with professionalism and dedication, making a great impact on our company.

One of Destinys greatest strengths is her ability to jump into any task given to her and do it well. She always shows up to work with a smile on her face and gives 100% of effort for every shift she is on. Being a full-time student and athlete she is still dedicated to work and always willing to come in on her days off and help cover when we are short staffed.

I am confident that Destiny will be an asset to any organization. I highly recommend her for any program or position without any hesitation.

If you have any questions, feel free to reach out to me.

Sincerely,
Anna Cox
Owner/Manager

To Whom It May Concern,

I am pleased to recommend **Destiny Kramer**, a graduating senior at Mancos High School, for admission to your institution. I have had the opportunity to work with Destiny in her Geometry and Algebra II classes, and she consistently stands out for her academic excellence, leadership, and determination.

Destiny is an exceptional student, maintaining a 4.8 GPA while pursuing a rigorous course load. Her achievements include membership in the National Honor Society, earning the Highest Average Award in Algebra, and completing an Intro to Structural Welding certificate. She also participated in the Rotary Youth Leadership Awards (RYLA) program, further demonstrating initiative and maturity beyond the classroom. With a strong aptitude in mathematics and science, Destiny plans to pursue a degree in Biochemistry and related sciences before attending chiropractic school, a goal well aligned with her academic strengths and work ethic.

Leadership is one of Destiny's defining qualities. As a four-year varsity volleyball athlete and team captain, she earned numerous honors, including Blocker of the Year, Honorable Mention All-Conference, and the Most Heart Award, while helping lead her team to regional and state competition. She also served as varsity basketball captain, earning recognition as Most Coachable, and contributed to championship-level team success. In track and field, Destiny achieved All-State honors, placed third at the state meet, and broke a 26-year-old school high jump record, earning Field Athlete of the Year.

In addition to athletics, Destiny demonstrates responsibility and service through extensive work and volunteer involvement. She is currently employed as a gas station clerk and has balanced additional work responsibilities. Her volunteer work includes coaching youth volleyball, tutoring younger students, supporting school recycling efforts, assisting with major school events, and participating in environmental restoration projects.

Destiny is hardworking, resilient, reliable, and outgoing, with strong interpersonal skills and a genuine drive to succeed. I am confident she will thrive in a rigorous college environment and positively contribute to your campus community. I recommend Destiny without reservation.

Sincerely,

Dr. Mary A. Marable

Mancos Elementary Principal

Former High School Math Instructor
