Missions trip the The Gambia West Africa to help build a church

Nursery worker at Lighthouse Baptist Church

**Write an Essay**

I was born and raised in Cortez, Colorado, where I grew up alongside my parents and older brother. Family has always been a grounding force in my life, shaping my values, work ethic, and commitment. These values have guided me through my academic and personal journey and continue to motivate my future goals.

I am currently a high school senior with a 4.12 GPA, and by credit hours, I am a college sophomore. Academics have been the focal point of my life; I dedicate the majority of my time to my studies and consistently challenge myself through advanced coursework. I began my education in public school before transitioning into online learning in the first grade, eventually attending Abeka Academy in second grade through my junior year, when I then started a dual enrollment program through Liberty University, which has allowed me to complete nearly two full years of college before graduating high school.

In addition to my academic commitments, I have developed a strong work ethic through employment and service. I currently work two part-time jobs and previously babysat for several years, experiences that have taught me responsibility, time management, diligence, and perseverance. Alongside work, I am involved in my church community, where I volunteer regularly in the nursery and on the cleaning crew. I also disciple a young girl in my church, which has been an experience that has strengthened my leadership skills and reinforced the importance of mentorship.

Service is important to me as well. A few years ago, I had the opportunity to participate in a mission trip to Africa, where I assisted with the building of a church and volunteered in children's ministry. This experience greatly impacted me and further inspired my desire to use my talents to positively impact others.

This fall, I will be attending Liberty University in person to pursue a bachelor's degree in fashion design and a master's in economics. My ultimate goal is to become a well-known fashion designer who blends creativity with strong business principles. I also hope to attend New York Fashion Week through a university-sponsored trip, an opportunity that would significantly contribute to my professional growth.

College is a significant financial commitment, and this scholarship would greatly assist me in pursuing my educational and career goals. I have worked diligently to prepare for this next chapter, and I am committed to continuing that effort in higher education. Thank you for your time and consideration.

To Whom It May Concern,

It is been a privilege for the past several years to be Grace Belt's pastor. Grace has been a member of Lighthouse Baptist Church for over about four years. She and her family have been a blessing to our church in so many ways. Grace is a very talented, intelligent young lady who is seeking the Lord through all that she does in her school and work. She has been raised in a godly Christian home. She strives to do everything to the best of her ability and unto the Lord, and she will most definitely strive to walk through her young adult years in this way. She is a responsible, motivated, proactive, hard worker who will continually put forth her best.

Through the years, I have been able to witness firsthand this character analysis I have just given. Week in and week out, I have observed Grace's godly character through her faithful attendance and involvement in our church. She also was on our missions team to the Gambia, West Africa, several years ago and helped to build a new church building for a church that has been established in that region.

I can highly recommend Grace for any available scholarship opportunities that she might be considered for. Her character and work ethic is one that your program would benefit highly from. She is worthy of being invested in.

Please do not hesitate to contact me personally to further discuss Grace's character and qualifications or if you need any other information. (970-739-3792)

Sincerely,

A handwritten signature in blue ink that reads "Bruce M. Burkett".

To Whom it may concern;

I have know Grace Belt for years and she is the model for what high school students should be. Her cumulative GPA is 4.12 and not only will she be graduating with honors but has already accumulated enough continuing education credits to be a college sophomore.

She was in my Jr. Shooters club with the Four Corners Rifle and Pistol Club for 3 years and was dedicated to practice and has become a proficient shooter.

She is an advocate for youth and volunteers weekly at her church as a youth mentor. Her desire is to attend Liberty University next year and pursue a Masters in economics and continue her interests in studying design.

I would encourage and advocate for the highest consideration in any available scholarships that are available to help this amazing girl in her educational pursuits.

Best Regards,

Tim Hunter
