**Additional Information**

**Guardian's Name (If Applicable)**

Ana Martinez

**EEA Account Number**

8018

**Name on EEA Account**

Ana Martinez

**Relationship to EEA Account Holder**

Son

**Planned Major**

Engineering

**Year of High School Graduation**

2023

**Have you previously received a EEA Scholarship? If yes what year(s)**

2025

**Name of Accredited Institution You Will be Attending.**

**Name and Address of Institution**

Fort Lewis College

1000 Rim Dr.

Durango , Colorado. 81301

**What year are you completing?**

Junior

## Include the Following

### Essay

When it comes to my career goals, I would consider myself to be a very ambitious person. After I finish college, I plan to work under a fellow engineer that has their Professional Engineering Certificate so I can test out and get my Professional Engineering Certificate. Once I receive my Professional Engineering Certificate I plan on coming back to my dad's company to begin expanding the company to become a steel building manufacturing company.

As far as my family situation goes, I am the middle child with two siblings a younger brother and older sister. My mom works at the social service office in Dove Creek, CO. and my dad owns a construction company doing jobs for mainly lower income resident in Dove Creek. I've done a lot of work for the company as I was growing up as well. We have always done a lot of work to provide for our family as well. I am also a first-generation college student because neither of my parents' attended college.

I am applying for this scholarship because I will financially be unable to attend college without financial help. So, I am applying for this scholarship to help me financial become more comfortable in my financial standing to reduce financial stresses to help lead to better focus on college. I would greatly appreciate if I would be considered for this scholarship because it would help me greatly in my pursuit for a college degree.

### List school and community honors and activities.

I participate in Co-ed volleyball both in the fall and the spring.

To Whom It May Concern:

I have known Isaiah Martinez for 16 years and watched him grow into the young adult he is today. In athletics, such as football, basketball, and wrestling, I watched his teamwork, leadership skills, and his individual work ethic. I even coached him at times in wrestling and he was very coachable and gracious, when his skills and knowledge exceeded mine. In the classroom in elementary, middle school, and high school, he was always eager to learn and set a great example for all of the students. He excelled in math and science, which has led to his current attendance at Fort Lewis College studying Engineering. At Fort Lewis College, he was encouraged to be a TA in Fundamentals of Engineering Graphics. During the summers, Isaiah works locally in construction, and I have had the pleasure of hiring a company and having Isaiah come out and work on my house. He was professional, respectful, trustworthy, and a problem solver, fixing a concerning problem from a previous company. Isaiah is deserving of any scholarships or awards that he may apply for and I firmly believe that he will go far in his future.

Sincerely,

Kimberly Alexander

Local Rancher

Retired Electrical Engineer

Semi-Conductor Industry

To Whom It May Concern,

I am writing this letter of recommendation on behalf of Isaiah Martinez. I encourage you to consider him for a continuing adult scholarship.

I've had the pleasure of getting to know him and his family throughout his life. I know him both on a personal and professional level. He has worked on a countless number of projects for my family, myself, and our community over the years. He has progressed through the family business rapidly. He has acquired numerous high-level skills during that time.

Mr. Martinez is a multi-talented young man. He is driven to excel. His work ethic is impressive, and his character is impeccable. He has always offered a hand to those in need. He has affected many lives by doing so. Because of his hunger to succeed, his future is limitless.

Isaiah has a strong desire for continued knowledge and education. With my highest regard, I recommend him for a scholarship to aide in his continued growth. He will be a difference maker and an asset wherever he chooses to go.

Please feel free to contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Greg Buffington". The signature is written in a cursive, flowing style.

Greg Buffington

To the Empire Electric Scholarship Committee,

I am writing this letter in strong support of Isaiah Martinez as he applies for the Empire Electric Scholarship. As a pastor who has had the privilege of knowing Isaiah personally and observing his character, work ethic, and intellectual curiosity over time, I can confidently recommend him as an outstanding candidate for this opportunity.

Isaiah consistently demonstrates an exceptional work ethic, which I have witnessed firsthand through his involvement in numerous construction-related projects. He approaches each task with diligence, reliability, and a willingness to learn, often going above and beyond what is expected of him. His ability to work steadily, responsibly, and with attention to detail speaks highly of his character and readiness for a demanding technical field.

In addition to his strong work ethic, Isaiah is academically astute and intellectually curious. Through many conversations, he has shown a genuine interest in engineering concepts and a desire to understand not just how things work, but why they work. His questions reflect thoughtful analysis, strong reasoning skills, and a level of critical thinking that suggests significant academic potential. He does not shy away from challenging topics and is motivated to grow in both knowledge and skill.

Isaiah also distinguishes himself through his character and interpersonal conduct. He is consistently courteous, respectful, and friendly toward his peers as well as toward those in positions of authority. His demeanor reflects maturity, humility, and integrity—qualities that are essential for success in both academic and professional environments.

In summary, Isaiah Martinez is a young man of strong character, proven work ethic, and high academic potential. I am confident that he will represent Empire Electric with excellence and that any investment made in his education will yield meaningful returns in the future. I give him my highest recommendation without reservation.

Please feel free to contact me if additional information would be helpful.

Sincerely,

A handwritten signature in black ink, appearing to read "Gregg Liming". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

Gregg Liming
