### Essay

I wanted to work in a profession that I cared about, had genuine passion for, and that enabled me to help others when they were in need. I chose nursing for the aforementioned reasons as well as the personal impact that nurses have had on my own life. The frontlines of healthcare, the selfless actions driving care for the patients is really impactful and I want to be a part of it. Beyond that, my career goals don't stop after becoming a nurse. My goals are to become a nurse, be the best I can be, and make a difference, while doing so I am going to be taking steps to further my education. I am enrolled in the ADN - associates degree for nursing at the present moment, upon completion of this, I am going to test for the NCLEX, while beginning to work as a RN I plan on bridging programs to receive my BSN bumping up to a bachelors degree in nursing. I want to work in intensive care units, learn as much as I can and make as big of impact as possible. While accumulating experience for 1-2 years, my goal is to apply to CRNA school to become a certified registered nurse anesthetist in hopes to eventually start my lifelong career as a nurse and continue making a difference.

In regard to my family, while pursuing my undergraduate ADN to test for the NCLEX and licensure I am living at home with my parents. However the financial obligations of school, tuition, transportation, and all accompanying costs are mine alone. I handle everything financially speaking for school. Going to nursing school full-time while trying to accommodate (working jobs whenever possible) and make financial ends meet is no easy task to handle independently. So assistance would be immensely helpful to my current situation. I am applying to this scholarship because I am in need, but more than that, this is a community I want to help, I want to pour back into it but being brutally honest, I need help of my own before I can achieve my goals.

To Whom It May Concern,

It is my pleasure to recommend Keegan Spurlock for your scholarship award. Mr. Spurlock has been enrolled in our program throughout the Fall 2025 semester and into this Spring 2026 semester. He has been consistent in maintaining a 4.0 GPA through his pre-requisites, previous schooling as well as in this program. I am confident that he will have no problem meeting the expectations of your award and make anyone willing to support him in his academic and professional endeavors proud.

Mr. Spurlock has shown excellence in his academic work and demonstrated critical thinking in both the didactic and clinical settings and has consistently received positive feedback from his clinical instructors and classroom faculty. Additionally, he is a pleasure to have in the classroom and a collaborative and supportive member of his cohort. I hope that you will take this into consideration when determining your awardees. Thank you for your time and if you have any further questions, please do not hesitate to reach out.

Respectfully,

Leigh Sand, MSN, RN

## Keegan Spurlock Letter of Recommendation

To whom it may concern,

My name is Aaron Galyon and I am the Pastor of the First Assembly of God Church in Cortez, CO. I have known Keegan, as a member of the Church, since I began here five years ago. I have had the opportunity to watch Keegan grow and serve his Church and community during that time. Keegan's character has always been exemplary and he always finds the opportunity to serve others.

Keegan is consistently willing to serve his neighbors in any necessary way. He is responsible and currently serves as our lead usher. He is able to lead and work with others well. Keegan's work ethic is exceptional and his attention to detail is admirable. It is easy to leave things in Keegan's hands, from greeting guests to recording an accurate and detailed deposit. Another standout characteristic of Keegan's is his kind and outgoing personality. He genuinely cares about the people around him and makes everyone he interacts with feel welcome and valued.

In regards to Keegan's character and work ethic, I have no reservation and would recommend him for any scholarship opportunity where these qualities are taken into account. Keegan serves his community well and would make a worthy recipient of any scholarship to equip him to further serve his neighbors.

Sincerely,  
Aaron Galyon

To Whom It May Concern,

I am pleased to write this letter of recommendation for my student, Keegan Spurlock in support of his application for a scholarship to further his education and career in healthcare.

Keegan is an exceptionally bright and motivated student who consistently demonstrates a deep curiosity for learning. He does not settle for surface-level understanding; instead, he asks thoughtful questions, seeks clarification, and goes the extra mile to fully grasp complex concepts. His commitment to academic excellence is evident not only in his performance, but in the way he engages with course material and applies it meaningfully. Keegan's drive for success has not gone unnoticed by his peers. It is not uncommon for classmates to joke that their goal is simply "to get as high of a grade as Keegan." While said in good humor, this reflects the respect he has earned among his classmates and the high standard he sets through his work ethic and dedication.

Beyond his academic strengths, Keegan demonstrates qualities that will make him an outstanding nurse. He is disciplined, thoughtful, and genuinely invested in becoming a competent and compassionate healthcare professional.

I give Keegan my highest recommendation for this scholarship. I am confident that he will continue to excel academically and will make a superior nurse and valuable member of the healthcare profession. Financial support will undoubtedly help him continue pursuing his goals, and I have no doubt it will be a worthwhile investment.

Sincerely,  
Serra Meyer
