### Essay

I am applying for the Empire Electric Scholarship to help make my goal of attending college and becoming a physician financially possible. Higher education is an essential step toward a career in medicine, but the cost of tuition presents a significant challenge. Receiving this scholarship would reduce that burden and allow me to focus more fully on my studies and professional development.

I want to become a doctor because I believe medicine is one of the most direct ways to make a meaningful difference in people's lives. Physicians have the ability not only to treat illness, but also to provide reassurance, guidance, and hope during some of the most difficult moments a person can face. I am motivated by the idea that my work could improve both individual lives and the health of my community as a whole.

This scholarship would be an investment not only in my education, but in the future service I hope to provide. With financial support, I can further pursue my education, and ultimately use my training to care for others and make a lasting, positive impact.

**Today's Date**

2/10/2026

Dear Selection Committee,

It is with great pleasure and sincere confidence that I write this letter of recommendation for Liam Tarpey. I have had the distinct pleasure of teaching Liam in several science courses during his time at Dolores High School, including college-level Anatomy and Physiology, a concurrent enrollment course that I teach, as well as advanced biology and forensics. Throughout these courses, Liam has consistently distinguished himself as an exceptional student whose dedication to his studies is both evident and admirable.

Liam approaches rigorous academic content with maturity, discipline, and determination. In Anatomy and Physiology—one of the most demanding courses offered—he consistently performs at a level well above his peers. His ability to master complex anatomical structures and physiological processes, while maintaining accuracy and depth of understanding, is nothing short of impressive. He prepares thoroughly, engages thoughtfully with the material, and demonstrates a genuine commitment to academic excellence. Liam does not simply strive to complete assignments; he seeks to understand the content at a level that reflects true intellectual engagement.

In addition to his strong academic performance, Liam possesses a natural curiosity that enhances his learning. He routinely asks insightful questions that demonstrate critical thinking and an ability to connect concepts across scientific disciplines. His contributions to class discussions are purposeful and reflect careful consideration, often adding clarity and depth to complex topics. This level of engagement is uncommon and speaks to his seriousness as a student.

Liam's analytical skills and attention to detail are equally noteworthy. In forensics, he consistently demonstrated the ability to evaluate evidence logically and arrive at well-reasoned conclusions. His written work is clear, organized, and precise, reflecting both strong scientific understanding and effective communication skills—qualities essential for success at the collegiate level and beyond.

If I were to summarize Liam in three words, they would be disciplined, focused, and dedicated. He sets high expectations for himself and works diligently to meet them. I am confident that these qualities, combined with his academic ability and strong work ethic, will allow him to excel in higher education and make meaningful contributions in his future endeavors.

Liam Tarpey has my highest recommendation for scholarship support. He will undoubtedly be an asset to any academic program fortunate enough to include him. Please feel free to contact me should you require additional information.

To Whom It May Concern,

I am writing this letter on behalf of Liam Tarpey. I have had the pleasure of knowing and working with Liam for the past four years and strongly recommend him for this scholarship. Liam was in my sophomore English class and Introduction to Composition and Literature Concurrent Enrollment classes at Dolores High School. Liam without question, is committed, personable and is an extremely successful student at Dolores High School in Dolores, Colorado.

Liam is extremely well-rounded and commits his time to a variety of activities both in and out of school. He excels in his classes and is currently taking the majority of his course load at the college level. His peers look up to him and he is a positive role model for the students at Dolores High School. He is an active member in extra-curricular organizations including National Honors Society and participates in Drama, Student Council, Knowledge Bowl, Debate and Robotics.

Liam is highly organized and accountable for his roles and responsibilities. He takes direction well and follows through on duties and tasks assigned to him. He is an advocate for himself and others and is not afraid to voice concerns and ask for help when he needs clarification. Liam also is not afraid to take risks and learn from his mistakes. He is very mature for his age and has a strong sense of self.

An active community servant, Liam has volunteered at the spay and neuter clinic on the Ute Mountain Ute Reservation in Toawac, CO. He has taken a vested interest in medicine and the sciences concerning both humans and animals and has contributed to his family farm raising yaks. He is thinking about pursuing something in the medical field after graduation. He feels the necessity and importance of caring for others and wants to make it a priority in his life.

Finally, Liam is extremely likable and humble. He is exceedingly driven and motivated and gets along well with others. As you can tell, I have a very high regard for Liam and fully support him in recommending him for this scholarship. I am equally confident that he has empathy, a caring nature and intellectual capacity to do very well. Please feel free to contact me if you would like any additional information.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Jessica Mulvihill-Kuntz', written over a light blue circular stamp.
