No

Name of Accredited Institution You Will be Attending.

Name and Address of Institution

Northeastern Junior College
100 College Avenue
Sterling, Colorado. 80751

What year are you completing?

Freshman

Include the Following

Essay

My name is Miles Frost. I am the son of Anthony and Tara Frost. I have one older sister and one younger brother. I grew up here in Cortez. I graduated from MCHS in May of 2024. I was very active in sports during my time at high school. I played football, basketball and baseball. My senior year I endured an injury to my elbow that needed surgery the weekend before baseball season, which just so happened to be my main sport. After graduation I stayed home so I could concentrate on rehabilitating my elbow. Thankfully I was still recruited to play baseball the following year. I am currently in the middle of my first year at Northeastern Junior College in Sterling, CO. I am working towards my associates of Business with an emphasis in Sports Management, along with that I would like to keep playing baseball for as long as I can. I am applying for this scholarship to help with my next year at NJC. This year I received aid from FASFA and I also had to take out two student loans to pay for the tuition, dorm and meal plan. I would love to use this scholarship next year in hopes of not needing any more student loans. I appreciate your consideration.

List school and community honors and activities.

To the Scholarship Committee:

I am writing to enthusiastically recommend Miles Frost for your scholarship program. I have had the distinct privilege of coaching Miles in football, basketball, and baseball over many years, and I can say with absolute confidence that he exemplifies the qualities of character, dedication, and resilience that make exceptional student-athletes.

I first met Miles when he was a young elementary school student, and I have watched him develop into the remarkable young man he is today. Throughout our years together, Miles has consistently demonstrated an unwavering work ethic and a genuine dedication to both his athletic pursuits and personal growth. What has always set Miles apart is not just his athletic ability, but his character, both on and off the athletic field. He is unfailingly kind to teammates, respectful to coaches and opponents alike, and possesses a great sense of humor that brings positivity to any team environment. He understands that being part of a team means supporting others, celebrating their successes, and working together toward common goals.

Miles's baseball talent is particularly noteworthy. As a pitcher and first baseman, he has shown exceptional skill and baseball intelligence. During his junior year at Montezuma-Cortez High School, he broke the school's strikeout record set in 1998 and the ERA (earned run average) set in 2000. With this amazing performance, he was named Intermountain League Player of the Year. Another of his most significant achievements came during high school when he was selected to participate in the Native American All-Star Showcase with the Atlanta Braves—a tremendous honor that speaks to his abilities and potential. This recognition at such a prestigious level demonstrates the caliber of athlete and person Miles has become.

Perhaps most impressive has been watching Miles face and overcome adversity. After undergoing major Tommy John surgery after tearing his Ulnar Collateral Ligament in the winter of his senior year, Miles could have become discouraged or given up on his baseball dreams. Instead, he showed tremendous courage and determination throughout his recovery. His commitment to rehabilitation and perseverance in returning to competitive play demonstrate the depth of his character. Miles is now playing collegiate baseball at the community college level, and his comeback story is a testament to his mental toughness and passion for the game.

I have coached many young athletes over the years, but few have left a lasting impression like Miles Frost. He represents the best of what athletics can develop in a young person: discipline, resilience, teamwork, and integrity. I am confident that any investment in Miles's education and future will yield tremendous returns, both in his personal achievements and in the positive impact he will have on others.

Miles has my highest recommendation without reservation. Should you need any additional information, please do not hesitate to contact me.

Sincerely,

Chris Crowley

RE: Miles Frost

SUBJ: Empire Electric Adult Scholarship

To: Empire Electric-Scholarship Board of Directors

I am honored to present this letter of recommendation for Miles Frost, whom I have personally known for four years, as well as his family for more than thirty years. It has been both a pleasure and a privilege to witness his development into a self-assured young man and student athlete.

Throughout my association with Miles, I have encountered an individual who arrives punctually, exerts considerable effort, and conducts himself in a courteous and respectful manner. He is a diligent student who exhibits composure and grace. He showcases an excellent work ethic and high standards. Miles approaches his academic achievements with utmost seriousness. He sets a positive example and is a valuable member of society. His record of volunteer work encompasses summers spent at an assisted living facility, where he participated in and facilitated activities for residents, assisted local families with their moves, and contributed to several local auctions. At present, while pursuing his college education and attending athletic practice, he dedicates an hour each week to working with children in a preschool class.

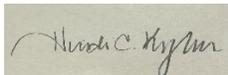

Miles' achievements have not been without their share of difficulties and obstacles. In 2024, while participating in a baseball tournament, Miles sustained a significant injury that necessitated UCL (Tommy John) surgery. The typical recovery period for a full return to competitive throwing ranges from 12 to 18 months. Many would have ended their competitive career due to such an injury, but not Miles. He faced the challenge head-on, underwent the necessary surgery, engaged in physical therapy several times a week, and began the process of rebuilding his strength. Miles has been accepted to NJC in Northern Colorado and is currently playing baseball as a freshman. His determination, bravery, and dedication are truly commendable.

In terms of athletic performance, he exhibits a strong competitive spirit in various sports. His leadership abilities are commendable, and he collaborates effectively with his teammates. Miles' athletic achievements encompass, but are not limited to, being named all-conference twice and all-state once in football, earning three varsity letters in basketball, and receiving all-conference honors twice along with first-team all-state recognition and the title of Intermountain League Player of the Year in baseball. I distinctly remember when Miles approached the plate in baseball; he did not wear the elaborate batting gloves that are common today. Instead, he opted for a simple pair of leather work gloves, the kind typically found on any ranch in the state. This detail stood out to me as it signified his readiness to work hard—nothing extravagant, just a focus on effort.

I wholeheartedly endorse Miles for the Empire Electric Adult Scholarship, as I am confident that he will thrive at any institution he decides to attend following High School, effectively utilizing this scholarship and maximizing your investment in his future.

Please feel free to reach out with any requests or questions.

Sincerely,

Heidi C. Kuenzler
Director of Marketing and PR for Hospice of Montezuma

To Whom It May Concern,

My name is Doctor MeganElyse Haley and it is my pleasure to enthusiastically recommend Miles Frost for the Empire Electric Scholarship.

During the few years that I have known and coached Miles, he has always demanded the best of both himself and his teammates. He exemplifies composure, character, integrity, and a work ethic that is second to none which is why I believe he is a deserving candidate, and would make an exceptional recipient of your scholarship.

Miles is dependable, accountable, and has superb communication skills. I have no doubts of his strong desire to participate and excel in any environment. Throughout the years I have known Miles, I have experienced a highly motivated individual who consistently arrives on time and shows great dedication to his academics and his teammates. I believe that Miles will be a great recipient of your scholarship due to his ability to exceed expectations at any task he is given.

Please do not hesitate to contact me if you require any additional information or have any further questions.

Regards,

Megan Elyse Haley
