Empire Electric Association

Empire Electric Scholarship

After graduating high school, I plan to pursue a degree in radiology to become a Radiologic Technologist. This career sparked my interest the most, from being part of the medical field to being the eyes for the doctor and experiencing a side of care no one really talks about when it's one of the most important.

In the fall of 2026, I am attending Utah Tech University in St. George ut. The start of my first year will be focusing on the foundation of my career by getting my prerequisites done while also working at the hospital as a CNA as a part-time job, gaining as much experience in the medical field as I can. In my second year, I will apply to the radiology program, finishing through around the years 2029-2030. Over my high school years, I have taken many medical-based classes to really prepare me for this path, each giving me the motivation and encouragement to pursue this career.

The Empire Electric Scholarship will benefit me in this journey as it helps me not only with school but less stress of financial worry in my first years of college. I believe I am a good candidate for this scholarship as I will use it responsibly and assuringly for my career ahead of me.

In receiving this scholarship, it would be an impactful step toward my goals, motivating me to use this opportunity to succeed academically and contribute adequately in the future. Thank you for considering my application and investing in students committed to their future.

To the Empire Electric Scholarship Committee,

It is my privilege to recommend Tessa Slade for the Empire Electric Scholarship. I have had the opportunity to watch Tessa grow, work, and excel throughout her high school years, and I can confidently say she is an exceptional young woman whose work ethic, character, and determination set her apart.

Tessa is one of the hardest working students I know. She has consistently maintained employment throughout high school while managing a demanding academic and extracurricular schedule. Her ability to balance social life, church service, employment, academics, and athletics reflects her maturity and dedication.

In athletics, Tessa gives her all. She is a committed team player who approaches every sport with passion and discipline. Even having to deal with some injuries, she understands her role as a teammate and is always there for her team. She has been recognized for her genuine sportsmanship, which truly embodies the spirit of teamwork.

Tessa's accomplishments extend well beyond athletics. She has been honored by the National Honor Society with an award for **Leadership and Character**, a distinction that speaks to her integrity, reliability, and willingness to inspire others. She is intelligent, determined, and brave.

Equally important, Tessa is kind. She treats everyone around her with respect and compassion, making a positive impact on her school, workplace, and community. Her combination of strength, humility, and kindness is rare.

I wholeheartedly recommend Tessa Slade for the Empire Electric Scholarship. She has earned every opportunity given to her, and I have no doubt she will continue to excel and make meaningful contributions wherever she goes. Please feel free to contact me if you need any additional information.

Sincerely,

RL Wilcox
