List High School and Community Honors and Activities

I am a three sport athlete of football, basketball, and baseball. I received my academic letter from my school as a junior. I have made all-state in all three sports I have played. I tutor younger kids at our after school program when I am able to. I do various kinds of community work such as volunteering to help at events like fundraisers for people in need and Pick n Hoe.

Essay

My name is Trevan Ivie. I am going to be a graduate student at Dove Creek High School in the class of 2026. My plans after graduation are to go to HVAC Tech school in Grand Junction at the Colorado Mesa University. After HVAC school, I plan to become an apprentice and a Junior HVAC Technician for a couple years. After those couple years, I plan to be a Senior HVAC Technician and start my own HVAC business. Owning a business is important to me because I want to be able to bring people affordable but long lasting care. The entry level in HVAC will allow me to learn the ins and outs of HVAC. As I move up in ranks, I will gain experience that I can bring to the table when I do decide to start my own business.

I am applying for this scholarship because I believe the more financial aid I can currently receive, means the less I have to pay back in the future. This will allow me to take out less money for loans for my schooling. The way I see it, the more aid I receive, the faster I can begin to think about starting my business because I will have less money to pay back. Empire Electric is also a very big role model to me because of the fast, caring, and affordable work they do. Empire Electric is a business I can look up to, and one that I can see that benefits the people. My family isn't the most wealthy, so the more money I can get for college, the less pressure it puts on them.

Overall, when I look at my goals to be a HVAC business owner, I see business like Empire Electric that help kids in need to meet those goals more efficiently. One day I want to be able to help kids that are in a tough financial situation just like I am. That is overall the dream goal I have set for myself is to help people in need. To be able to give out scholarships to kids who have major goals in life, is one of the top things on my checklist. To be able to look back a say I won one of these scholarships and now I'm the one giving out scholarships would be amazing.

To whom it may concern,

My name is Chris Beanland and I am writing in regards to your scholarship candidate Trevan Ivie. I have been around Trevan for the last 6 years as a baseball coach, teacher, and community member. I believe Trevan would be an excellent recipient of your scholarship due to his hard work in the classroom, leadership in athletics, and contributions to the Dove Creek community.

First, Trevan has always shown that he prioritizes academics and works hard in the classroom. He is eager to learn and consistently goes above and beyond to finish at the top of his class. He has already shown his commitment to his academics by taking multiple college classes to further prepare him for life after High School.

Second, Trevan is an excellent athlete. Competing in 3 sports all 4 years of High School and earning many postseason honors. When he was a freshman and sophomore Trevan was eager to help his baseball team in any way possible. He worked hard every practice, had a great attitude, and was willing to play any position the team needed. These traits earned him a varsity starting spot every year. As a Junior, and now as a Senior, I have really seen Trevan emerge as a great leader. He leads by example, working hard in practice and keeping everyone motivated and positive. He has taken it upon himself to mentor the freshman and sophomores and giving them a great role model to look up to. Leadership like his is very important in team chemistry and continuing/building a great culture.

Last, Trevan has been a very active member of our small tight knit community. He has volunteered his time in countless fundraisers, coaching at camps or little league practice, and umping for the local baseball/softball youth games. I take great pride in seeing our athletes being so involved and Trevan is always eager to participate in anything he can to help out.

Again, I believe Trevan would be a great recipient of this scholarship and I am confident that he is going to excel at anything he sets his mind to. He has shown in his academic and athletic career that he can be a team player, a leader, and do anything asked of him to help his team. Thank you for your time.

Chris Beanland

Head baseball coach

To whom it may concern,

I am writing this letter of recommendation on behalf of Trevan Ivie. I've known Trevan for most of his life and had the privilege of being his high school football coach this past year. The very first thing that stuck out to me while coaching Trevan was his selflessness. Trevan had always been a very good receiver, that's a position most kids want to play. You get the ball in your hands, you get to score touchdowns. It's what we call in football a skill position. Trevan had the ability to be one of the best receiver's in the state. It was clear, very early on that we were in desperate need of offensive lineman. A position most people don't want to play. You don't get to score touchdowns, you don't get to possess the ball. You do all the dirty work and get none of the recognition. I pulled Trevan aside and asked him if he would make the switch from receiver to offensive guard. He didn't even hesitate. His exact words to me were "I don't care where I play, I just want to help the team win." That to me, speaks volumes about his character.

Trevan was always willing to help coach up his younger, less experienced teammates. It was not hard to see why his teammates voted him a team captain. In our biggest game of the year it was crystal clear to everyone who the leader of our team was on the field. From the sidelines you could hear him encouraging his teammates. Saying things like "everyone stay disciplined" or "do your jobs, don't worry about what they are doing." When things got heated, he was there to pull his teammates back to make sure they stayed on the right side of the rules. Trevan was a leader I could go to and have him deliver the message that sometimes athletes don't want to hear. He was a passionate, competitive player who always give it 100%. Towards the end of the season when every ones nerves were getting a little raw, he would be the one in practice to pull every ones focus back in.

He showed a passion and intelligence that a lot of high school football players don't have. I could ask him about things that he thought would work, about things that he was seeing on the field. I could always depend on him to give me an honest answer. After the season was over Trevan was one of the only players on our team that reached out to me to thank me for coaching their team. I thoroughly enjoyed coaching Trevan and getting to know him as person. Trevan has qualities that will take him very far in life, he is intelligent, hardworking, passionate and has a quite leadership quality to him that others just naturally follow. He is a great student athlete and an even better human being.

Brennan Banks

Head coach, Dove Creek High School Football
