I am currently majoring in Computer Science. However, I believe I will get my Bachelor's degree in Computer Information Systems and then go into law school after that. I am hoping to go into an area where I will be able to stand up for the rights of homeschoolers. I love our small, local community and my pursuit of becoming a lawyer will assist this community as I plan on staying here in Cortez. I grew up in a family that always supported me in what I was pursuing. They have always been there for me. I am applying for this scholarship because I would like to try to keep from acquiring any student debt while going through college. I have been raised to be self-sufficient and not depend on the government to pay for my education. I am also committed to making good grades and have been able to attain a 3.97 GPA as indicated by the attached transcript.

To the Scholarship Committee,

I'm writing to recommend Weston for your scholarship. I've worked with him on the sound team at Victory World Outreach, and I've had the chance to teach him how our audio system works. He picked things up quickly, asked good questions, and showed a natural ability to understand the equipment and the flow of a service.

What stood out to me was his consistency and willingness to learn. Weston didn't just follow instructions — he paid attention, understood why things were done a certain way, and handled responsibilities that take focus and reliability. He's a smart kid, dependable, and someone I've always trusted behind the soundboard.

I believe Weston will bring that same effort and responsibility to whatever opportunity he's given. I'm glad to support his application.

Sincerely,

Grant Roe, Lead Sound Technician

I have known Weston his entire life and seen him grow into a bright, conscientious, hardworking young man. He will apply himself and excel in the college atmosphere as well as be a Christian example to those he encounters.

Thank you for your consideration,

To whom it may concern,

I am excited to recommend Weston Webb for your scholarship. I have worked with Weston at Four Corners Community Bank, where he consistently brings a positive, steady attitude to his work. He shows up each day ready to help and never hesitates to step in and do whatever is needed.

When Weston is given a task, he approaches it with genuine effort and care. He learns quickly, stays focused, and follows through. He is also excellent with people, both customers and coworkers. Even in challenging situations, Weston remains calm, respectful, and professional, which speaks strongly to his character and maturity.

Weston has shared his goal with me of becoming a homeschool lawyer, and I believe this path suits him well. He has a strong desire to help those who may not have an advocate. He is motivated and driven, which makes me confident that he has the character and determination to achieve this goal.

I am happy to support Weston's application and believe he would make excellent use of this opportunity.

Sincerely,
