Essay

I am applying for this scholarship to continue my educational journey at Southern Utah University in Cedar City, Utah. I finished my schooling at Snow College this last spring, and now want to continue my education to accomplish my career goals. I am majoring in Physical Education with the hopes of becoming a PE teacher at either the Middle School or High School level, as well as a High School Wrestling coach. Sports have always been a big part of my life, so I want to continue to be involved in them while helping the future generation. I want to teach and coach because I want to help kids see and reach their potential not only as athletes but as people in society. I firmly believe that major life lessons are learned in athletics and school, so I want to help future kids become the best people that they can be. I have had great role models as teachers and coaches, with most of my coaches being my dad, grandpa, and uncles. To be able to keep the family tradition alive would mean the world to me, and receiving this scholarship would help me do that.

The costs at Southern Utah University are about twice as much as the cost at Snow College, so receiving this scholarship will be very helpful in paying for my schooling and accomplishing my career goals. It will help with my tuition, housing, books, and other fees that I will have to pay to attend classes at Southern Utah University. Due to the lack of work where I live and also recently returning home from an LDS mission trip last fall, I am cutting it close to having enough money to pay all of my fees. This scholarship can help me so I won't have to take out any student loans and be in a good spot financially when I move to Cedar City in August. Receiving this scholarship when I got home from my mission helped me with my expenses at Snow College last semester, and I know it can do the same for this upcoming semester. Thank you for taking the time to review my application and this essay for this scholarship.

To whom it may concern:

I have had the privilege to have Tuff Adair as a student during his time at Snow College. I have seen him work hard on his assignments and grow in knowledge and confidence in his teaching with impressive results. Due to this experience, I am writing this letter to recommend Tuff for this scholarship.

Tuff has demonstrated the combination of understanding, energy, and dedication that is crucial for all educators. He spent time in North Sanpete Middle School and San Juan High School as part of the requirements of the Introduction to Education course watching teachers practice their trade, helping, and learning from them. I was able to see this growth during our class and I believe that many students will benefit from the teacher that Tuff has the potential of becoming.

If you have any questions please feel free to reach out to me.

Sincerely,
