Rising Costs and the Support of Energy Outreach Colorado

Throughout the state, expenses related to home energy, healthcare, childcare, and housing are on the rise. Consequently, numerous households in Colorado are finding it challenging to meet their basic living costs.

Energy Outreach Colorado (EOC), established in 1989 as a non-profit organization based in Denver, aims to assist families in need with their energy bills and prevent shutoffs. EOC collaborates with a network of partner agencies across Colorado to offer various programs that ensure families stay safe, healthy, and warm in their homes.

Empire Electric is committed to matching donations made to Energy Outreach Colorado through EEA. To make a donation or apply for assistance, please scan the QR code.
