Essay

Becoming a nurse has been a lifelong dream of mine rooted in a deep desire to help others and make a meaningful impact in my community. As a current nursing student, I am fully dedicated to this journey academically, emotionally, and physically. However, this path also comes with significant financial burdens that I cannot navigate alone.

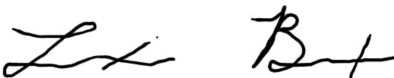

My goal as a future nurse is to serve underserved populations such as our own and advocate for patients who often lack access to proper healthcare. Unfortunately, the costs of nursing school has presented serious obstacles. Tuition, textbooks, scrubs, equipment, and testing fees quickly add up. Clinical rotations, while vital to my training, often require unpaid time and additional travel expenses. On top of that, I must manage the basic costs of living—housing, transportation, food—while balancing a demanding schedule that limits my ability to work full time.

Financial aid would not only ease this burden but would also allow me to focus more fully on my studies and clinical experiences. With this support, I can stay on track toward graduation and take the next steps into a profession that I believe is both my purpose and my passion. In conclusion, I am committed to becoming a nurse who uplifts individuals and strengthens communities. With financial assistance, I can continue this journey and ultimately give back by serving others with the care and respect they deserve.

GT Pathways and CCCS CORE:

Colorado Community Colleges have established a set of core requirements that will provide students with a block of courses guaranteed to transfer among most Colorado two, and four-year institutions. The following codes, found in the course title, indicate the Core category to which the course is applied. Check your institution's Catalog to receive more specific information about the GT Pathways and CCCS transfer Core.

Core Codes: CO1, CO2, MA1, AH1, AH2, AH3, AH4, HI1, SS1, SS2, SS3, SC1, and SC2

Dear Scholarship Committee,

It is with great enthusiasm that I write this letter of recommendation on behalf of Lexie Burton in support of her application for your prestigious scholarship. I have had the pleasure of working with Lexie as a nursing student at the nursing program at Pueblo Community College-Southwest in Mancos Colorado. I can say without reservation that she is one of the most dedicated, compassionate, and promising future nurse leaders.

Lexie grew up in the diverse and rural Four Corners region, an area that is underserved especially regarding access to healthcare. She has expressed a steadfast commitment to returning to this community after graduation, with the goal of using her education to directly impact the lives and communities around her. Her understanding of the unique cultural, social, and health related needs of the region puts her in an exceptional position to advocate for system level changes to advance equity gaps in regional healthcare.

What sets Lexie apart is her long-term vision. She is not only passionate about the nursing profession but also about systemic improvement in healthcare access and quality. Her goal to pursue a master's in nursing with the aim of becoming a nurse leader is an example of her drive and foresight. I have no doubt that she will be instrumental in shaping the future of healthcare in this rural and underserved region, both at the bedside and beyond.

Throughout her time in our nursing program, Lexie has consistently demonstrated academic excellence, professionalism, and advocacy. Her leadership potential is already evident, and with the support of this scholarship, she will be able to continue her education and expand her impact to improve healthcare in our communities.

I wholeheartedly recommend Lexie for this scholarship. She exemplifies the values of compassion, leadership, and service, all qualities that are essential and much needed in this profession. I am confident that she will make meaningful contributions to the nursing profession and be a transformative force in her community for years to come.
