JUST FOR YOU:

Your Usage: Please read the extra page accompanying this statement. It explains the difference between electric demand and electric usage. The new graph on the top right-hand side, Peak Demand History, provides information about when you are using the most energy during the month. Knowing your peak demand times and then making any needed adjustments can help prevent overloading the electric system.

Energy Outreach Colorado assists needy Coloradans with their home energy bills. You can help too with a tax-deductible contribution. Call 1-866-HEAT-HELP or log on to www.EnergyOutreach.org.
