Southern Utah University

Co-ed Intramural Volleyball

Essay

After college, I plan to enter the workforce in the field of marketing. In particular, I hope to work for a company that is interested in mental health or humanitarian efforts. I want to enter this field because I am interested in graphic design, data analytics, and psychology. In turn, I think this field opens up the opportunity for me to find a decent-paying career and have a meaningful impact on others by spreading awareness about mental health or humanitarian efforts. My family and I live on a ranch in Cahone, Colorado, where my mom works on the ranch and my dad works in IS at Southwest Memorial Hospital. Currently, my brother is attending Colorado Mesa University in pursuit of a bachelor's degree in mechanical engineering. I am applying for this scholarship in hopes that I can reduce the hefty financial costs for attending college. Since my brother and I are attending college at the same time, this will place a financial burden on me and my family. Therefore, this scholarship would be very beneficial in reducing the financial burden and allowing me to attend college.

Dear Empire Electric Association Continuing Education Scholarship Committee,

I'm writing to recommend your scholarship to Jessica Alexander. Jessica is currently in my Communication in Human Interactions class and is an excellent student who cares about her education. She often arrives quite early to class, is well prepared with assignments, participates willingly in class activities and group presentations, and has a good understanding of the class material.

Jessica is a marketing major and anticipates using her degree in the mental health or humanitarian fields. Jessica is a very pleasant, well-mannered student who takes her education seriously. I encourage your committee to consider Jessica for this scholarship.

Please feel free to contact me at 435-704-1166 or melissafunk@suu.edu with any questions regarding Jessica and her education.

Thank you,
Melissa Funk, M.A.
