**I. OBJECTIVE:**

- A. To establish a policy that governs how Empire Electric Association (EEA) addresses donation and sponsorship requests.

- A. Donations or sponsorships may include requests that could reasonably be considered as non-profit, educational, social, charitable, public safety or similar purposes. Examples are contributions to non-profit community and civic organizations, colleges, schools, or educational purposes that may benefit EEA, the community, and/or the utility industry. Donations may be direct monetary contributions or they may include, but are not limited to, special purchases, honorary membership fees, meal or banquet tickets, advertising acknowledgments, in-kind services, and other transactions. Sponsorship examples include, but are not limited to, area athletic programs, community events, and EEA employee participant programs, such as softball, volleyball, bowling, and golf teams.
- B. EEA will establish an annual budget of ongoing donations which shall be presented to the EEA Board of Directors (Board) for review and approval during the August Board meeting.
- C. Any organization or individual desiring a donation or sponsorship from EEA, except for any ongoing donations, must make a request (Request) to the Board using the application instructions attached to this policy.
- D. Requests must be received by EEA by September 15 of each year to be eligible for funding in the following year.
- E. The Board President may appoint a committee to evaluate Requests and provide recommendations to the Board.
- F. The scoring rubric attached to this policy may be used as an aid to evaluate Requests.
- G. The Board will consider Requests during its annual budget review period and will include approved Requests in the following year's budget. All amounts included in the annual budget will be considered approved upon the Board's approval of the budget.
- H. The total budget for all donations and sponsorships will not exceed one-half of one percent (0.5%) of the total operating revenue budgeted for EEA's retail loads. Budgeted revenue from EEA's CO2 loads shall be excluded from this calculation.
- I. The Board may deviate from this policy to consider extraordinary Requests should the Board determine, at its sole discretion, that such deviation is warranted.
