Essay

Hello, my name is Avery Stiegelmeier, and my career goal is to become a dental hygienist. Becoming a dental hygienist has always been my dream and a long-held goal. I have recently been accepted into the Colorado Northwestern Community College Dental Hygiene Program in Rangely, Colorado. I start my first semester in the fall of 2025. Getting ready to start courses in my desired field is so exciting. I am more motivated than ever, and I am starting to see my hard work pay off.

During my freshman year of college, I completed 34 credit hours and finished the year with a 3.6 GPA. I worked extremely hard to earn my good grades by putting my effort and focus into my classes and grades. In the end, all of my hard work helped me secure a spot in the dental hygiene program. Colorado Northwestern accepts 20-25 applicants into the dental hygiene program each year. Now that I have secured my place in the program, I am making time to apply for scholarships. I am motivated and willing to put in work to help me pay for dental hygiene school.

I am applying for this scholarship with the hopes of getting financial support during my education. While continuing my education in dental hygiene school, I will need to purchase supplies that I will use in the clinic to build skills I will need working as a hygienist, such as loupes, dental instruments, and textbooks. The cost of these extra supplies, plus tuition, gets very expensive very fast. My family has always been so supportive of me, and they always help me the best they can. My family includes my parents and my younger brother, who is going to be a senior in high school this coming year. He is not sure what he will be doing after graduation. This scholarship helps me to be able to focus on school and not work during the school year. It is hard for me to find time to work as a full-time college student.

Thank you for your time and consideration.

Courses which are in progress may also be included on this transcript.

GT Pathways and CCCS CORE:  
Colorado Community Colleges have established a set of core requirements that will provide students with a block of courses guaranteed to transfer among most Colorado two, and four-year institutions. The following codes, found in the course title, indicate the Core category to which the course is applied. Check your institution's Catalog to receive more specific information about the GT Pathways and CCCS transfer Core.

Core Codes: CO1, CO2, MA1, AH1, AH2, AH3, AH4, HI1, SS1, SS2, SS3, SC1, and SC2

To Whom it May Concern:

I am writing to recommend Avery Stieglmeyer for your scholarship. As a current instructor of Avery's at Colorado Northwestern Community College, I can say without hesitation that this award would be well-deserved.

I met Avery in the fall of 2024, when she enrolled in both the Human Nutrition and Human Anatomy and Physiology I courses I teach at Colorado Northwestern Community College. I was immediately impressed with Avery's calm demeanor. She takes everything in stride and never becomes agitated by any class requirement. Though quiet, Avery is always present and engaged in class, and her performance on assignments and exams is consistently exceptional.

Avery has displayed more great qualities throughout the year. She is an exceptionally bright, kind person who always has a smile on her face and a kind word for those around her. She works well both individually and with classmates, and everyone enjoys her.

I have nothing but confidence in Avery's success in future college courses; her personality, diligence, and performance in the classroom suggest that she will be among the best in whatever challenge she undertakes.

Should you have any questions or require additional information, please do not hesitate to contact me at the email address or phone number listed below. Thank you for your time.

Sincerely,

A handwritten signature in black ink that reads "Sarah Ward, MS, RD". The signature is fluid and cursive.
