### Continuing Education Scholarship Application

**Applicant's Name**  
Trista Anne Barnett

**Applicant's Address**  
506 Dove St.  
PO Box 274  
Dove Creek , Colorado. 81324

**Your Email Address**

barnetta@adams.edu

**Telephone Number**

9703945044

**Your Cell Phone Number**

9703945044

**Empire Electric Account Number**

21823

**Name on Empire Electric Account**

Brandi A Barnett

**Relationship to Empire Electric Account Member**

Mother

**Year You Recieved an Empire Electric Scholarship**

2025

**Year You Graduated High School**

2023

**Name of Accredited Institution You Will be Attending.**

Adams State University  
208 Edgemont Blvd Suite 3030  
Alamosa , Colorado. 81101  
900614823

**Field of Study**

Bachelor of Science in Nursing

**Other Children in Your Family**

- 
- 
- 
- 

**Other Financial Aid**

Colorado Student Grant (2,500), Federal Pell Grant (3,698), Colorado State Work Study (2,500).

**List Your School and Community Honors and Activities**

These last semesters at Adams State University, I have been able to be on the President's Honor Roll by maintaining my 4.0 GPA. I also have had the opportunity to participate in the Adams State Student Nurses Association where we continuously work with the community to complete drives. Some examples of drives that we completed this semester include a book drive, a hygiene product drive, and a coat drive. I also have worked to become Vice President within this organization so that I can assist with continuing to improve the club. Within my nursing program, I have become a cohort representative which allows me the privilege of bringing concerns or questions to the nursing faculty. However, the honor I am most proud of this semester is being nominated for a Daisy award within the nursing program. Typically, the Daisy award is for nurses who are working in the field, but the nursing program decided to implement the award for students during their class and clinical hours. Being nominated for this award made me realize how much I love the education I am pursuing.

**Essay**

To Whom it May Concern,

College has always been the bridge that will lead me from the world I live in to the world I hope to live in. All of us wish for the day that we can create the families and build the homes that we want. We yearn for the day that we can make a real impact and make a difference for the better. My name is Trista Barnett and for me the road to this world has always been through completing my college degree.

I grew up in the small town of Dove Creek, Colorado. During my time at Dove Creek Schools, I grew into the hard-working and determined individual that I am today. In my case, what I did in high school was very indicative of what I would do with my future. I grew up in a low-income household where I learned how much it means to work for everything that you have. Being the oldest daughter, I often felt and saw the financial burdens that were placed upon my parents. I was also in the position of understanding that some things would simply not be realistic for our family. Despite the hardships my family may have faced, I could not be more grateful for the house that I get to call home. I learned how to love from my mother, how to work hard against all odds from my father, and how to retain innocence and laughter in times of trouble from my sisters. I truly believe that the traits embedded in me from my family are what have allowed me to thrive in the educational world.

With an understanding of the financial difficulties at home, I quickly recognized that scholarships would be my gateway into affording college and creating something of myself. Knowing this, I spent endless hours studying, competing in athletics, and involving myself in every extracurricular activity; I enjoyed being constantly busy. The hard work I put in for so many years has paid off and is allowing me to have the opportunity to apply for scholarships, such as Empire Electric. I am independently paying for schooling and other associated expenses such as rent, food, and transportation. Through generous scholarships such as this one, I have the opportunity to not only survive but thrive in the educational world.

Currently, I am approaching my senior year of college and preparing to complete my Bachelor of Science in Nursing at Adams State University. I have spent the last year working through my nursing courses and completing my clinical rotations. Despite the demand and challenge of the program, I have learned a significant amount of what it takes to be a good nurse. I can feel myself growing and learning every single day. In addition to my classes, I have participated in Adams State Student Nurses Association and continued working as a Lead Ambassador for Adams State Admissions. Through it all, I can very proudly say that I have maintained my 4.0 GPA.

After I graduate in the Spring of 2027, I plan to go to work as a nurse in a rural hospital. I hold deep respect and gratitude for the work that is done in rural hospitals and am excited for the day that I can be a part of the work that they do. I have seen the support they have provided for my family during some of the hardest times. I also would like to work to push preventative health care throughout rural communities. Preventative care is crucial to prevent deadly illnesses, lower health care costs, and improve quality of life. Overall, I have big aspirations for my future and must complete college so that I can fulfill these dreams.

In the end, it is through support, such as the support provided through scholarships that allow a student such as myself to push for the life I want. I strongly believe that education is the bridge that must be built to close the gaps in society. All in all, I am eternally grateful for every opportunity and chance that is provided to me, through individuals like the one reading this.

Sincerely,  
Trista Barnett

Dear Members of the Scholarship Committee,

It is a distinct pleasure to recommend Trista Barnett for your scholarship. As her professor in the Nursing Program, I can say with confidence that she embodies the rare combination of academic rigor and genuine heart that defines an exceptional nurse.

Trista approaches her studies with a level of discipline that is truly commendable. She is consistently proactive, often going beyond the required curriculum to ensure she fully understands. She treats every responsibility with the utmost importance. Her peers look to her as a reliable teammate and one they can go to for help and advice.

Financial support through this scholarship will allow Trista to focus her time and energy on her academics without the added burden of financial stresses. I recommend Trista Barnett without reservation. Please feel free to contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Jamie King MSN-Ed BSN". The signature is stylized and cursive.

Jamie King MSN-Ed BSN

Assistant Professor of Nursing
