

Empire Electric Association , Inc.

P.O. Drawer K

Cortez, Colorado 81321

Phone: 565-4444

RESIDENTIAL DATA SHEET

Owner: (Name) _____ (Telephone) _____

Address (Site) _____ (City) _____

Address (Mailing) _____ (City) _____

Contractor (Name) _____ (Telephone) _____

(Address) _____ (City, State, Zip) _____

Provide a sketch of the proposed building site on the back of this page, including: north arrow; quarter-section, township, and range, or subdivision name, lot, and block number; location of nearest neighboring residence; and preferred location of electricity meter on the sketch of the residence (EEA will have final say on meter location, but we will take the Consumer's preferences into consideration as long as they meet the conditions of our policy).

New Service:

Frame or Log Home _____ Mobile Home/Modular _____

Square Footage _____ (total – includes any space with outlets and/or heating/AC)

Service Upgrade _____ Service Relocation _____

ELECTRIC LOAD INFORMATION:

Main disconnect size _____ amps

Type of Service Desired:

(Phasing) _____ (Voltage) _____ (Wire-size/number) _____ Est. Demand _____ (amps/kW)

[Check (✓) items as gas or electric power source; use a number in place of a check mark if there is more than one. FOR SERVICE UPGRADES note existing appliances, etc. by ()].

Gas	Electric (Provide amps/kW only if source is electric)	Check if these are included
___	Range/Oven: Amps/kW _____	___ EV Charger: See below* _____
___	Water Heater (tank): Amps/kW _____	___ Washer Amps/kW _____
___	Water Heater (on-demand): Amps/kW _____	
___	Dryer Amps/kW _____	
___	Heat (Indicate amps/kW for all (electric source) that apply) :	
	Heat Pump (amps/kW**) _____ Forced Air (amps/kW†) _____ Heat Tape (amps/kW) _____	
	In-Ceiling Heat (amps/kW) _____ Boiler System (Baseboard, Radiators, etc.) (amps/kW) _____	

* For EV chargers please indicate Level, amps/kW, voltage, and/or provide a data sheet with these specifics)

** For heat pumps, provide number and kW/amps of auxiliary heat strips

† For forced air, please do not provide BTUs. This is a unit of energy, not demand.

If applicable, list shop equipment, size of irrigation motors, welders, engine heaters, stock water heaters, etc.

List extra appliances and pumps not shown above (i.e. jacuzzi, hot tub, sauna, pool filters or heating, etc.):

Alternate energy sources (i.e. natural gas, propane, coal, solar, etc.) type(s): _____

Use(s) of alternate energy: _____

NOTE: This form must be completed before any design work can be initiated.

Signature: _____ Date: _____
