

District 2 Candidate

Robert A. Barry

My name is Bob Barry, the representative for District 2 on the Empire Electric Association Board of Directors. District 2 includes Monticello, UT, Dove Creek, Cahone, and Pleasant View Colorado. I have served on this board for six years.

I represent EEA on the 9-member Utah Rural Electric Cooperative Association Board. It's interesting how different states address their electric power issues. I also represent EEA on the Western United Electric Supply Board of Directors. This company is an electrical supplier to Co-ops like Empire Electric and other business in six states. The electric supply and delivery systems are complex. Empire Electric employees work hard every day to provide us with reliable, affordable electric power.

I am a dry land wheat and grain farmer on the Colorado / Utah border with six generations being involved in our family farming operation.

I have been elected to various Ag Advisory boards at the county, state, and national levels. I am a Vietnam veteran and a life-time member of the Troy Young V.F.W. Post #5181 in Dove Creek, Colorado. I have been married to Elaine for 55 years. We have 2 children, 7 grandchildren, and 2 great grandchildren. I enjoy representing and serving District 2 on the Empire Electric Board of Directors.
